Manager, Diagnostic Imaging/PACS Administrator
Permanent Part-Time

The Almonte General Hospital/Fairview Manor/Lanark County Paramedic Services has been recognized for providing exemplary care to its local residents and the surrounding population for generations. With 450 dedicated and highly trained staff members and a growing number of physicians, we proudly offer the attention and personal care that only a small community hospital can provide. We are a 52-bed Hospital that offers an extensive range of services including a complete range of obstetrical care, 24-hour Emergency Department, Medical/Surgical Services, Complex Continuing Care and a growing Perioperative Program. Our team of Paramedics provide services for over 57,000 residents throughout Lanark County and our Long Term Care facility is currently the home to 112 residents. Our organization provides a continuum of excellent, efficient and integrated services with our focus being to improve the health and quality of life of those we serve.

The Opportunity

The Manager of Diagnostic Imaging Services is accountable for overall efficient and effective departmental planning, direction, control, coordination and evaluation. Providing key influence in the development of departmental goals and objectives. The incumbent will plan, implement, manage and monitor all aspects of departmental financial, human, equipment, information system (PACS) and participate in visioning for future Diagnostic services including CT. The incumbent will maximize efficiency, effectiveness, quality and safety of Diagnostic Imaging operations. Leading Diagnostic Imaging by creating and maintaining positive interdepartmental relationships that serve to enhance operations and patient care.

Mandatory Qualifications

- This position requires an individual who is currently registered with the College of Medical Radiation Technologists of Ontario and has at least five (5) years' experience performing a variety of medical imaging procedures in one or more modalities.
- Ideally you will have at least one (1) year of experience as a Manager in a hospital-based Diagnostic Imaging department and may also possess formal Management training.
- Proven leadership, strong interpersonal and communication skills will be necessary for success in this role.
- Excellent analytical and problem solving skills will also assist you in the ability to perform this role with minimal supervision.
- Proven experience in leading and implementing projects within Diagnostic Services including CT, is preferred.
- Demonstrated experience of a PACS system infrastructure and experience with system maintenance.
- Willingness to work additional hours to ensure timely implementation of departmental projects.

Qualified candidates are invited to submit their resumes by noon on **September 22, 2022** to:
Angela McLean, Integrated Human Resources Manager, Recruitment
Email: amclean@agh-fvm.com

We thank all candidates who apply; only those selected for an interview will be contacted.
If you require accommodation throughout any part of the recruitment process, please contact Human Resources to let us know how we may assist you.

Please note that according to the AGH/FVM Vaccination Policies, all applicants must be fully vaccinated unless they can provide the proof of a valid medical contraindication or exemption on the basis of protected grounds under the Ontario Human Rights Code in order to be considered for any staff or volunteer opportunities. Upon hiring, applicants must provide the proof of either government issued documentation proving they have been fully vaccinated, or present supporting documentation of a valid medical contraindication or exemption under Ontario Human Rights Code.
